

IEEE Outstanding Paper Award for the IEEE Transactions on Industrial Electronics

Established: 1997, Revised 2021.

Description: To recognize outstanding paper(s) published in the IEEE Transactions on Industrial Electronics (T-IE) during the year specified for the award.

Administration: IES Awards & Honors (A&H) Committee.

Eligibility: Author(s) of papers published in T-IE during the year specified for the awards.

Prize: US\$2,000 and certificate(s), plus reimbursement for IES-approved travel expenses to receive the award, up to but not more than US\$3,000. Co-authors may divide the US\$2,000 prize.

Funding: IEEE Industrial Electronics Society.

Presentation: At the Society's major international conference.

Other notes: Up to three awards may be given. All awards are recognized with equal rank (not 1st, 2nd, 3rd place).

Operational details:

Nominee solicitation: The IES A&H Committee asks for recommendations from the T-IE Editor-in-Chief. Nomination can be made to the A&H Committee by the Society's members at large.

Deadlines: Nominations may be submitted at any time, but

only those received by April 1 will be considered for judging in the same year. Nominations received after April 1 will be considered for the next year.

Judging criteria: Recommended papers are judged on the basis of the value of the contribution, subject matter, originality, and composition.

Award recommendation: T_IE's Editorial Board, chaired by the T-IE Editor-in-Chief, shall recommend prize paper(s). The T-IE Editor-in-Chief shall submit a brief summary report with award recommendation(s) to IES A&H Committee before 1 May. A&H Committee shall review the EiCs' report, and present endorsement or other recommendations to IES AdCom for final approval at the summer AdCom meeting.

Publicity: The award winner(s) will be publicized in the IEEE Industrial Electronics Magazine and on the IEEE Industrial Electronics Society website.

(Revised: December 2021, IES Awards and Honors Committee)
