

IEEE IES Contest – Under 35 Innovators – Application Form

- **Fill out the applicant information** form below.
- **Attach a 1-2 pages summary of the project** including technology, impacts to market and industry, and target products.
- **Submit a 2 to 5 minute video overview to describe the effort.**
Post the video online and provide a link for the committee to view and/or download it.
The more precise the description and its impacts the better the chance of being accepted. Be sure and include the suitable technical description and product impacts as well as any analysis overview.
